Lawyers, in their speeches, can manufacture all kinds of bug-a-boos to scare people off from voting against the man seeking a full term, but the people will not permit their votes to be governed by oily-tongued politicians who in their speeches can almost make black appear white. Sensible people, when they go to vote for Governor will ask themselves the question. "Has the present Governor merited a full term? Has his administration been a success? Has he given the people an administration free from scandal? If he has, he deserves their endorsement, regardless of the political
